Betim City Hall

01/2018 - 12/2018

Achievements/Tasks
- Structured cabling, telephony, and switch configuration (Cisco and HP).

PERSONAL PROJECTS

ViaExpressa (02/2023 - 05/2023)
- App for managing a motorcycle delivery company, built with React, Prisma, TRPC, and TypeScript. It allows users to place orders, track order status, and generate reports on customers, employees, or the system overall.

BuStatus (05/2023 - 06/2023)
- App for monitoring buses in São Paulo, built using React and TypeScript. Users can check the estimated arrival time for each bus line at specific bus stops, identify buses with accessibility for people with disabilities, and view the route of each bus line.
